

## Risk assessment

Name of activity, event, and location	Visit with bats.	Date of risk assessment	10.7.2024	Name of person doing this risk assessment	Carolyn Hargreaves Licence from Natural England to keep bats for educational purposes. Insurance from Hampshire Bat Group.
		Date of next review	10.7.2025		

What could go wrong? What hazard have you identified? What are the risks from it?	Who is at risk?	What are you going to do about it? How are the risks already controlled? What extra controls are needed? How will they be communicated to young people and adults and remain inclusive to all needs?	Review & revise What has changed that needs to be thought about and controlled?
Bats could bite or scratch someone.	People attending event	Bats are contained in a secure glass box. Young people will sit two metres away from the bats. None of the bats can fly. Only one bat at a time will be removed from the box.	
Secure glass box is heavy and could be dropped and smash.	People attending event	Box is carried in secure bag with handles. It will be kept on a firm flat surface.
